Week's Live Stock Transactions at East Liberty Yards. tion - Onts Stendy -

Light Run of Sheep, Lambs and Hogs. Prices Advanced.

FEATURES OF TRADE.

JUNE A POOR MONTH FOR WOOLENS

OFFICE PUTSBURG DISPATCH.
THURSDAY, June 27, 1880. The figures in the accompanying report show that the Pennsylvania Railroad has resumed business at the old stand. Through shipments of cattle last week were the smallest for years, the total being only 150 head. Washouts from the Conemaugh to the Susquehanna led Western shippers, who in ordinary times take the Pennsylvania route, to send their stock by the Baltimore and Ohio or

the New York Central.

Now that traffic is opened on the Pennsylva. nia Railroad, shippers are returning to their first love. While local receipts of cattle are 340 head short of last week, markets have not improved. The bulk of receipts were common grades. The few light, smooth, well-fatted

grades. The few light, smooth, well-fatted butcher cattle that showed up held their own, but all low grades and heavy-weights were slow and a shade lower than last week.

The general average of cattle received this week was below par. The few on hand suitable to this market were steady at last week's prices, but this was due more to short supply than any improvement in live stock trade. The run of sheep and lamies was lighter this week than for many months past. On all choice than for many months past. On all choice grades markets are 20c to 30c higher than they were a week ago. Common grades give no signs of improvement. Hogs are in light sup-ply, and are firm at an advance.

The range to-day for light smooth Yorkers is \$4 70 to \$4 80. Heavy Philadelphias are seliing at \$4 50 and mediums at \$4 65. The outside price of light packing hogs at Chicago to-day \$4.65. The outside rate at Liberty is 15c above this figure, but top grades are better at above this figure, but top grades are better at the former place than the latter. Markets for hog products are stronger and higher at Chi-cago than here, a fact which is out of the usual order. Pittsburg is a poor market this season for hog products, and some of our pack-ers have found it profitable to sell their prod-ucts at the Western metropolis of late. Fol-lowing is the report of the week's transactions at East Liberty yards:

Woolen Goods.

A leading jobber of woolens reports the month of June as a disappointment in his line, owing to continual rains. Said he: "This month is usually our most active time for lightfor this line of goods, but, from present ap-pearances, I am afraid we will have to hold carances, I am afraid we will have to hold some over for another season. But, as an offset to the small sales of light-colored goods, we have sold an extra quantity of dark goods this north. Though the summer's trade is well adranced, there is still time to unload our light-colored woolens, if only the weather prophet will be propitious. We have not done as well for June as we calculated on, but for the first as we calculated on, but for the first half of 1889 our volume of business was fully 15 per cent better than for the corresponding period of last year.

About the only change in prices of our mate-

vanced. In the late tariff revision the duty on this grade of goods was advanced 10 per cent. The duty on fine woolens is close to 75 per cent. Notwithstanding this the cheapness of labor in the Old World, together with patient, plodding industry of workmen there, enables foreign manufacturers to send their goods to this market and successfully compete with our home manufacturers. Domestic woolens are fast approaching the improved article in our literature. approaching the imported article in quality, but the expense of tringing domestics up to the high standard is such that the imported goods manage to keep the lead."

By Telegraph.

MARKETS BY WIRE.

Wheat Less Active and Lower on Bearish Reports From Russin and the North. west - Corn Drops a Frac-

Pork Unsettled. CHICAGO—The wheat market to-day was less active on the whole than yester-day. A good business was transacted during CHOICE BUTCHER CATTLE STEADY. the early part of the session, but after that ruled more quiet. Prices ruled lower and the advance of yesterday was lost. The opening was fully 1011/c lower for the various futures than yesterday's closing, and after some fluctuation sold off 1626 more, reacted slightly and closed easy and 1760 lower for July, 20 lower for August and 20 lower for December

than the closing figures of yesterday.

The break in prices was largely due to the belief that the greater part of the short interest at the lower prices was covered, and to a desire on the part of some of the longs to realize. There was something of an impression that some of the heavy longs had taken advantage of yesterday's bulge to sell. Advices were received reporting rain in Russia, and this helped to create weakness. From the Northwest bad news regarding the crop prospects were received, but these were offset to some extent by good reports from the winter wheat

A moderate trade was reported in corn, most of the business being transacted during the first half of the session, after which the market became quiet. The market opened 1/2c under the closing prices of yesterday, was easy and gradually declined %c, rallied a little and closed 1/2

%c lower than yesterday.
In oats a good business was transacted, and a in oats a good dusiness was transacted, and a lower range of prices recorded. The feature of the trading was an increased demand to change contracts from July to September.

Trading was quite active in mess pork, and the feeling was somewhat unsettled and prices the feeling was somewhat unsettled and prices irregular. Early the feeling was firmer, and prices were advanced 2½@5c; later prices receded 15@20c. Toward the close the feeling was steadier, and prices rallied 5@73/c and closed comparatively steady.

Rather more was done in the lard market, and it was steadier early in the day. Prices ruled 23/@5c higher. Later the feeling was easier, and the greater portion of the advance was lost. was lost.
Considerable interest was manifested in the market for short rib sides. Prices were advanced 367%. Later, prices settled back 7% lic, but railied again slightly and closed com-

PUT ON THE BRAKES.

How to Invest Surplus Money to Ward Off a Financial Collapse.

A Rural Lady's Idea of the Workings of the Monopolistic Sugar Trust.

RENEWAL OF ACTIVITY IN REALTY

BACHELOR HALL STOCK IN DEMAND

Whistle down brakes on the speculative furore before it passes beyond control and precipitates a panic. "Great oaks from little acorns grow." Dig a well and start a dairy, get married, give your poor relations a boost if you have more money than you know what to do with, but don't speculate.

"And so you shall prosper and your days be long in the land."

There was a better feeling and a larger movement in the real estate market yesterday than on any previous day this week. Besides the sales reported, which are noted elsewhere, there were several large transactions, the particulars of which were withheld. One of these involved the sale of an Allegheny residence, presumably on Lincoln avenue, for a price approximating \$100,000. The gentleman from whom this information was obtained said: "I expect to see a controversy over this sale as to whether the price paid was above or below the market." Somewhere in lower Allegheny a large building site changed hands at about \$90,000. It is situated between two fine residences, and will be built on this season. Another report was of the sale of five acres of unimproved land between Hawkins and Braddock. It is understood it will be subdivided.

The last rumor encountered was to the effect that several acres near the reservoir of the Wilkinsburg waterworks had been sold for about \$800 an acre. A lot at Baum's Grove changed hands at \$5,000, and a lot in the Moore plan, Oakland avenue, brought \$80 a front foot. Several mortgages were placed, the two largest being tor \$10,000 and \$6,000. The depression of the real estate interest, of which mention has been made, seems to have begun and ended at the same time. were several large transactions, the particulars

One of the avowed objects of the Sugar Trust when it was introduced to the public was "to develop the sugar-making interest in this country." The immediate result of it has been to advance prices to the consumer about 20 per cent. A Wilkinsburg lady remarked to me yesterday: "I will not be able to put up much fruit this season, sugar is so high. It is ten pounds for a dollar to-day, against 12 pounds wo weeks ago, and 15 last winter. I wonder what the cause is?"

The hasn't read the papers carefully and

didn't know of the existence of the Sugar Trust, and I told her as much. "There is no trust about it," she rejoined; "they want cash Enough of the stock of the Bachelor Hall Company has been placed to assure the success of the project. The charter is being drawn up by a well-known attorney, and will be forwarded to Harrisburg in a few days. It is expected that work on the building will begin about September 1. Several of the rooms bave been spoken for already. Should it prove a duancial success several others of a similar character will be put up next year.

Work on the Fifth avenue extension is proceeding as rapidly as possible. The Ligonier block pavement makes a handsome appearance, and seems to possess every requisite for solidity and durability. The ease with which repairs can be made is greatly in its favor. The improvement has already been of great advan tage to property in the vicinity, showing that values and good streets are intimately associated.

Although quotations on iron have not been advanced, the market this week is firmer on account of an increase of orders, giving rise to a more buoyant feeling. The advance on pig a more buoyant leering. The advance on pig of 50 cents a ton by the Thomas Company is ex-pected to have a good effect on the trade. Stocks are light, and they will be further re-duced during the July shut-down for repairs and the settlement of the wage question. This will tend to strengthen prices and put the market in good shape for the autumn trade, which, if indications can be trusted, will be

STOCKS MORE ACTIVE,

Lower Level. The stock market was more active vesterday

than for some time, but the feeling was weak, and bids were in most cases a shade under those of the day before. The sales were 460 shares, of which Electric contributed 225 and Philadelphia Gas 185. The latter was the only stock among the gassers that showed any

This was due to the fact that there were few urgent orders for it and very little on the market. While it showed no special change in quotations, the anxiety to obtain it and the quotations, the anxiety to obtain it and the hesitation with which it was offered showed that there was a firmer feeling behind it.

Electric sold at a concession. The quantity brought out on a bid of 47% was a surprise to some who had maintained there was very little of it for sale under 50. It closed at 47% asked. The postponement of the stockholders' meeting until July 11 was a strong point for the bears. The tractions were also weaker. Central offered at 32% with a sale of 50 shares. In the afternoon it was hammered down to 31%, and just before the close sold at 31%. A small lot of Citizens Traction went at 60. In the last hour 52 was the best offer for Pittsburg.

the last hour 52 was the best offer for Pitts-burg.

Switch and Signal was a trifle stronger, but neglected. There was an offer of 1% for 100 shares of La Noria, but it was not forthcoming. It cannot be bought in quantities under \$2. For Pleasant Valley Passenger Railway 185 was asked. Pittsburg. Allegheny and Man-chester could have been bought in small bundles for 250. There was a good demand for bank and bridge stocks, but no transactions. Bids, offers and sales were:

TAKING IT EASY. Nothing but Routine Business Transacted at the Local Banks.

Yesterday was an uneventful day at the banks. Discounting was very slow and checking below the average. Depositing was the only redeeming feature. The most of this was by jobber and retailers, showing a liberal movement in the regular lines of trade. The prospect continues good for an early improvement and full employment for all the idle money. The exchanges were \$1,841,105 67, and the balances \$246,089 84.

Money on call at New York yesterday was easy at \$260 per cent. Sterling exchange more active and steady at \$4.86% for 60-day bills, and \$4.88% for demand. Yesterday was an uneventful day at the

Closing Bond Quotations.

Yesterday's bond offerings aggregated \$33,-500, as follows: Coupon 446s, \$13,000 at 106%; registered 416s, \$20,500 at 10%;

NEW YORK-Clearings, \$130,891,719; balances, BOSTON — Clearings, \$17,076,845; balances, \$1,591,989. Money, 23,263 per cent. PHILADELPHIA—Bank clearings, \$12,292,406; balances, \$2,480,452.

balances, \$2,480,452.

LONDON-The buillion in the Bank of England increased £361,000 during the past week. The proportion of the Bank of England's reserve to liability is now 43.75 per cent. Bar silver, £2d per ounce.

PARIS — Three per cent rentes \$4f 35c for the account. The weekly statement of the Bank of France shows an increase of 26,682,000 gold and 2,200,000f silver. CHICAGO-Moneyon call, 414@514; time loans, 514@7 per cent. Bank clearings, \$9,977,000.

WORKED WELL.

First Day at the Petroleum Exchange Under

the New Rules. Trading in futures began at the Petroleum Exchange yesterday. The new system was readily accepted and caused very little con-fusion among the traders. It worked as well as its friends had expected, and caused a manifest improvement in the feeling on the floor. Trading was moderate and of a miscellaneous character, but better, it was maintained, than it would have been under the old plan so soon fter one of the most exciting episodes in the history of the trade.

The market opened at 91%c, seller July. Un

der the influence of liberal offers it soon rallied and sold up to 92%c, between which point and 92c the market fluctuated until the afternom, when it was seized with a spasm of weakness and declined to 91%c, from which it gradually recovered and reached 92c. It receded in the last few minutes and closed at 91%c, regular July option.

There were neither sales nor bids further ahead than July. On several occasions there were sales and bids of cash oil at the same price as the July option. In the afternoon there were a number of sales of cash oil, and also of oil deliverable to-day, at the same price as July. In fact, the difference between cash and July was inappreciable. The market closed steady. Wednesday's clearings were 1,890,000 barrels. There was no important field news. der the influence of liberal offers it soon rallied

ANOTHER TRUST. Distillers and Cattle Feeders Enter the Stock Market-Gold Shipments and Poor Railroad Earnings Pull Down Values-Bonds Quiet and Stendy.

NEW YORK, June 27 .- The stock market to day was even more quiet than that of yester-day, and the fluctuations were in everything. except one or two stocks, oh a par with the siness done. There was a firm feeling throughout the day until toward the close when the entire market weakened, and the re-sult of the day's trading is that most of the list sult of the day's trading is that most of the list is small fractions lower than last evening. There was some, weakness apparent at the opening, the result principally of the discouraging dispatches from the West and the apathetic attitude of London, but the marke immediately displayed its underlying strength and quotations were advanced all over the list on a very moderate volume of business.

Of the stocks of the regular list only St. Paul, Reading. New England and Atchison displayed any animation, and of the four, New England alone fluctuated over a range of as much as 1 per cent. Their course was an example of the entire list moving upward from the opening and reaching the highest prices generally before noon, after which time they were held very steady until the last hour, when they yielded rather sharply, and declined to below the opening prices. There were further engagements of gold for Europe to-day by Saturday's steamers, and this, with the poor showing made by the earnings of the Eric and Reading, had much to do with the late weakness in the list. The trusts were still active, but their movements were on a much smaller scale than usual of late, and the fluctuations were also made within a comparatively narrow range, the final results being insignificant in all of the old favorites.

A new candidate for favor was introduced, however, the Distillers' and Cattle Feeders' Trust, which after opening at 44 declined to 32 and afterward rose rapidly to 47% only to decline to 45% at the close. In the regular list, Wisconsin Ceutral was next listed and was traded in between 24% and 25%, closing at 24% Lead Trust was most active and was depressed by the denial of the admission of the Atlautic works into the trust, but the friends of the stock steadily asserted that the deal would be accomplished and a full recovery took place. The market at the close was dull and heavy at fractional losses for the day.

Railroad bonds were quiet and steady, the sales of all reaching \$1,777,000. The market was generally firm. St is small fractions lower than last evening

First Appearance.

CREAMERY STEADY, CHEESE DITTO

Corn and Oats Scarce, Hay Quiet --- Wheat and Flour Steady.

COFFEE OPTIONS DRIFTING DOWN

Office of Pittsburg Dispatch, Thursday, June 27, 1889. Country Produce-Jobbing Prices. The first watermelons of the season from Georgia are on tap at \$28 to \$35 per hundred Raspberries are in good supply and demand. New potatoes keep drifting downward. Eggs are firm and active at quotations. For single cases ic above our quotations is the rule. But-ter is only in fair demand. Country rolls are slow, and choice creamery only holds its own.
Cheese is moving out freely, but gives no signs
of an advance. The drift is toward a lower
level of prices, and m view of this downward tendency trade holds up unusually well. In tropical fruit lines bananas are firmest, but ains have been a wet blanket on trade the pas

BUTTER—Creamery, Elgin, 19@20c; Ohio do, 17@18c; fresh dairy packed, 14@15c; country rolls, 13@14c; Chartlers Creamery Co., 20c. BEANS—\$1 75@1 90. BEESWAX—25@30c F h for choice; lowgrade, 18@20c

Louis, \$1 50 62 00; Eastern, single-barrel crates, \$1 00@1 25; new celery, 50660c a dozen.

-Pierre Lorillard has been in St. Louis for four days trying to effect a plug tobacco combine, and he has failed. His scheme, as submitted to the Laggett and Meyers and Drummond tobacco companies, was to consolidate with the Lorillard and Sorg's company of Middletown, O., into one big company that would be run on a trust bagis. The Drummond company refused to enzer, but the negotiations have not been given up. Lorillard returned to New York last night.

-The North Corregen Gasette repowed its at New York last night.

-The North German Gazette renewed its attack upon Switzerland yesterday. It charges that Switzerland promotes the dissemination of social democratic ideas among the young men of the country. It says that Anarchists without credentials are allowed to remain in Switzerland without effort on the part of the authorities to identify them. It declares that the reply of M. Droz, the Swiss Foreign Minister, to the recent interpeliation of the National Rath, in which he declared that under no circumstances would Switzerland share with any power the right to police her own territory was inadequate and unsatisfactory. It says, however, that the reply of the Bundesrath to the complaints made by Russia and Austria was more polite and less polemic than was expected from the wording of the interpellation.

-Attorney General Miller has given an opin-Green coffee is off 13/c from its highest point. Yesterday and to-day there was an advance of 35 points and markets closed firm. Sugars are

35 points and markets closed firm. Sugars are strong as ever.

the jurisdiction of the Union Agency, which extends over the country occupied by the five civilized tribes, viz: the Cherokees, Creeks, Seminoles, Choctaws and Chickasaws, notwithstanding the bank directors shall be citizens of the United States. The question arose on an application for authority to organize a national bank at Muscogee, a town in the Territory of the Creek Nation. The legal objections thereto, according to the Attorney General, grow out of the treaties now in force between the United States and the Creek Nation, whereby the national banking laws can be put in operation in that Territory only by special legislation.

—Some time ago the Treasury Department special legislation.

—Some time ago the Treasury Department was informed that it was desired to take a number of Chinese laborers to the West Indies, and application was made to take them through United States territory in transit, provided bond was given that none of them would remain in this country. The matter was referred to the Solicitor of the Treasury, and he gave an opinion that there was nothing in the law to prohibit the landing of Chinese for the mere purpose of passing through the country. Secretary Windom, however, was not prepared to change existing relations to this extent, and directed a rejection of the application until the question could be considered more thoroughly. No further action on the subject is at all likely, however, as it is understood that arrangements have been since made with Canadian transportation companies by which the Chinese will be taken across the continent without the necessity of entering United States territory.

THE LIGGETT APPEAL.

Bringing Up the Values of Property on Two Principal Streets.

The appeal of the Liggett estate from the valuation placed upon their property on Smithfield street by the City Assessors was heard before Judges Collier and Slagle yesheard before Judges Collier and Siagle yes-terday. The property was assessed at \$2,800 per foot. It was held that this was too high, and not in proportion with the assessments on property on Fifth avenue, where, between Smithfield and Market streets, the assessment is \$2,850 per foot, though the property is of greater value, M. A. Woodward, Esq., apgreater value. M. A. Woodward, Esq., appeared in behalf of the Liggett estate. Assistant City Attorney Carnahan represented the assessors. Mr. Carnahan took the ground that the assessment was not in excess of the real value of the property. The owners had stated to the assessors that they would not accept that price for the property if selling it. The decision was withheld.

In the matter of the appeal of Andrew W. Mellon from the assessment on property in the Ninth ward, the valuation was reduced. The land was assessed at \$29,520, which the Court held to be reasonably fair, and allowed to stand. The valuation on the buildings, however, was thought to be excessive, and was reduced one-half. Seven three-story brick houses, one three-story carriage house and a stable had been assessed at \$12,500, which was reduced to \$6,250.

ABLE'S MATRIMONIAL TROUBLES. He Testifies to the Cruelty Practiced on Him

by His Wife. A divorce was granted yesterday in the case of Ben F. Able, of the Twenty-first ward, against his wife, Jennie Able. In the testimony taken by Commissioner R. B. Parkinson, Esq., Able told a story of abuse received by him from his wife. He was married in 1883 when he was 18 years of age. His bride was a widow aged 23 years, with two children. Mrs. Able, so her husband says, did not treat him kindly. When he would come home from work he got nothing but cold meals left for him on the corner of but cold meals left for him on the corner of the table while she would be out. He gave his pay to his wife, and sometimes she would give him \$1 for spending money, and when he needed clothes, \$5. One month he bought a pair of pants out of his pay before giving her his money. She abused him and tried to throw the pants and his violin in the fire. She often threw dishes at him, once threw a butcher knife at him and tried to shoot him. She only gave him abuse when he remonstrated with her for going with other men. He left her a short time ago and sued for divorce.

A divorce was also granted in the case of Griffith Williams against Annie C. Williams for desertion.

were married they did not live happily together, and finally separated. When Mrs. Knox was on her death bed she made her will, leaving all her property to a sister. She had never for given her husband, and she disliked his name so much that she refused to bear it and signed the will simply "Harriet." She also provided in her will that her tombstone was to have inscribed on it only the name "Harriet."

The will was flied for probate and the husband at once commenced a contest. His main point was that the will is no will at all, as it is not signed, the name Harriet attaches not being a signature. The case was argued before Judge Over yesterday, Attorney Jennings appearing for Mr. Knox, and Attorney Thorp for the will. No decision was rendered. ou her death bed she made her will, leaving all

Legal Tender. N. A. MEANS, ESQ., yesterday was appointed commissioner in the divorce case of Catharine Cross against Edwin Cross,

On Monday there will be two branches of the Criminal Court, which will continue until the end of the session, about the middle of July. Judge Slagle will preside in Criminal Court No. 2.

JACOB BEITLER, of the Twenty-seventh ward, yesterday pleaded guilty to two charges of illegal liquor selling. Sophia Frieze, convicted of illegal liquor selling, was fined \$600 and sent one year to the workhouse. W. M. AUBREY yesterday pleaded guilty to the embezzlement of \$200 from the Chartiers Creamery Company. He will be sentenced Saturday. Daniel Mulcahey pleaded guilty to

the larceny by balles of a quantity of beet tongues from Joseph Harrison, at the market house. He was sentenced one year to the pen-itentiary. COUNTY COMMISSIONER MERCER, Chief Clerk Selbert of the Commissioner's office, County Treasurer Hill, and Delinquent Tax Collectors Samuel Grier, of Allegheny; and W. R. Ford, of Pittsburg, left last night for Har-risburg. Their errand is to meet the State Board of Revenue Commissioners and arrange matters with regard to the State tax.

In the Criminal Court yesterday Louis Beck pleaded guilty to a unique case of misdemean or. The offense consisted in falsely represent-ing himself to be 21 years of age to William Lamb, a licensed saloon keeper, for the pur-pose of procuring intexacting liquors, when in fact he was under age. Judge Stowe gave him a lecture and let him off with a fine of 6 cents and costs.

THE County Commissioners have reported to the State the amount of State tax to be colected. Considerable of this could not be col lected. Considerable of this could not be col-lected on account of people moving out of the State, double assessments, clerical errors, etc. The Commissioners want to know if they will be held responsible for this money. The total amount for the city of Pittsburg is \$41,000; for the county outside of the two cities, \$500; and clerk hire amounting to \$1,200, and a couple of thousand dollars for Allegheny City. The Commissioners also claim for the county at large \$11,132 for clerk hire, etc.

JAMES F. BURKE, the special examiner in the case of Arthur Kirk against John E. Du Bois for an infringement of rights granted by the United States in the famous bear trap dan patent, yesterday resumed the taking of testi mony on behalf of the defendant. Several wit mony on behalf of the determined. Several win-nesses were examined in regard to the con-struction of bear trap dams on the Loyalhanna, Seinmahoning and other streams in Western Pennsylvania, and expert testimony was given concerning the operation of the dams men-tioned. Also those operated by Du Bois.

To-DAY's trial list is as follows: In the Crim inal Court—Commonwealth vs R. J. Matthews, C. F. Jacobs, Charles Guiger, John Ricker, John Young et ux, Thomas Coyle (2), Solomon Hirsch, Wm. Pryle, Wm. Brooks, Patrick Con-way (2), Regina Trautvetter. Fred Moreth, Sye way (2), Regina Trautvetter. Fred Moreth, Sye Gye, Henry Duthel, Charles Schreiber, Henry Irwin, Fred Werron, Wm. Bailey, Maggie Mo-Donald, John Q. Workman, W. H. McCluekey, Joseph Mitchell, Cornelius Coleman, Auburn F. Long, Wm. Myers, Goldie Grudinaky, Joseph Schoenberg, Eveline Hall et al., Jacob Keefer, Wm. Hunzinger, Margaret Burk, Patrick Cleary, James Dennolm, George Daub, Cook.

NEW ADVERTISEME A Remarkable Experience MR. H. ROBERTSO

SAVED FROM AN UNTIMELY DEATH.

Mr. H. Robertson, a native of becomen, our who has been a resident of this country for several years, has been a victim of kidney disease with the following symptoms: He had a heavy dragging pain across the small of his back, extending from one side to the other, and a bloated, dropsical condition of the bowels, high colored urine, and he noticed that sometimes it contained a reddish, brick-colored sediment, and at other times the sediment was of a lightish color. He noticed that he felt very tired in the morning, and as he gradually grew weaker, his stomach became affected. His appetite became poor, and he was constantly annoyed with sour eructations of gas from his stomach after eating, and on account of the kidneys not performing their function properly, his blood became charged with rheumatic poison, so that he had much pain about his shoulders and different parts of his body. As he became more emaciated he began to cough, and he felt much tightness and weight across his lungs. In speaking of the matter one day, he said:

"I doctored with the best doctors I could hear of, but was fast getting worse. I became melancholy and unought I could not live. Finsily I began treatment with the physicians of the Polypathic Medical Institute, who are specialists for chronic diseases, and although confined to the bed when I commenced their treatment, my improvement was very rapid, and I have been entirely cared by these physicians, and I gladly sign my name.

H. Robertson, or write him with reference to his case, can have his full address by calling at THE POLY-PATHIC INSTITUTE, 420 Penn ave. Office hours, 10 to 11:30 A. M., I to 4 and 6 to 8 P. M. Sundays, I to 4 P. M. Consultation free.
